WRECK NEAR PROGRESO ON CENTRAL

A wreck of a freight train on Friday evening blocked the road of the New Mexico Central near Progreso, so that the southbound passenger could not reach Torrance and was held at Estancia over night. Engine No. 5 was sent to Torrance Friday to bring in a number of loaded freight cars, and when just this side of Progreso, while running down grade and rounding a curve, the track spread, derailing the tender of the engine and six cars. The track was torn up a distance of sixteen rail lengths.

The cars were thrown promiscuously around over the prairie. Luckily the engine held to the rails, and no one was seriously hurt.

A crew of men was sent down from here yesterday morning to build a shoo-fly around the wreck, so that the regular trains could pass. The party of republican campaigners were to have come up on the noon train yesterday, but owing to the wreck, the train could not reach Torrance.

Herald Editor Ignores Facts

The editor of the Herald, who tries to enter two issues of her weekly publication during the same week, neither of which bears the date of the regular issue, at the postoffice as second class matter, used the greater part of the editorial column of her paper in telling her friends things about us, which might make good reading if they were true. Just why we are favored during the campaign with so much space paid for by the Republicans, we are at a loss to know, but she has done it. As regards the prices charged the county for work, our bills are on file in the clerk's office and may be inspected by any taxpayer who cares to do so. All are itemized so that anyone may understand them. As long as our bid called for twenty per cent discount, the bills show it. Since publishing the work in the daily the bills do not show any discount, except the one which was a copy by the board, is legal rate.

She also prevails upon me to say: "Heretofore the printing of the ballots has been

Green, a resident of Torrance Co.

A. J. Green, nominee for representative from Torrance county on the Democratic ticket, has been a resident of the county for the past five years or more. He owns considerable property in the county and is a heavy taxpayer. If elected he will serve the people well in the first state legislature, and do his part toward securing needed legislation. His opponent is not a resident of the county, having lived in Washington the past six years, and is not a taxpayer here, his name failing to appear on the tax rolls. And unlike his opponent, Mr. Green owns the furniture in his home and is not living in a rented house and using rented furniture.

Mr. Green has been for Estancia and the Estancia Valley, and everything he can do to advance and develop the town and valley he gladly and willingly does. Vote for a resident of your county and not a carpetbagger sent in to represent Andrews in the legislature.

OFFICE OF ASSESSOR IMPORTANT

The office of the county assessor is in better shape than it has ever been before. During the past three years the assessment of the county has been much larger than previous, the result of the office being on a business basis and conducted by a business man. The work of the assessor strikes the pocketbook of every taxpayer, which means practically every voter in the county. When all are assessed equitably, the burden is not severe on anyone, but when favoritism is shown, it falls heaviest on the small farmer and small property owner. D. C. Howell, or Dixie, as everybody calls him, has done the work with exceeding great care. The board of county commissioners has said of his work, that "the books are the best they have ever seen." His political opponents have been compelled to give him credit for having his records in the best possible shape. Do not these comments urge his re-election?

There is no complaint about double taxation, a matter of which we heard so much under Mr. Howell's predecessor. The extensions on the books are what they should be and not multiplied as they were during one year in time past. There has been no "forced balance" as was the case before Mr. Howell took charge of the office. Mr. Howell has given the work his personal attention, and has had competent help to assist him. His work shows competency throughout. With as competent officials in all the county offices as Dixie Howell has been in the assessor's office, the taxes would soon be reduced a large per cent. Vote for Dixie and you will not regret it.

Ludwig, Teacher for Many Years

The Democratic candidate for superintendent of schools of Torrance county is one of the county's successful teachers, having been employed at Duran the past two years as principal. Previous to filling that position he taught in the western part of the county. Before coming to the Valley in 1907, he taught for twelve years in Missouri, and is well acquainted with the needs of the schools. As superintendent of the county schools, the advancement of the schools and pupils would continue to advance in a much greater degree. As an experienced and up-to-date school man, Ludwick claims your vote on Tuesday, November 7.
